

# Seglingslista

Seglingslistan är i första hand avsedd för dem som söker en sjötransportör för medelstora lastpartier. För befraktning av helt fartyg, eller väsentlig del av ett fartyg, hänvisas till medlemsmatrikeln på Sveriges Skeppsmäklareförenings hemsida ([www.swe-shipbroker.se](http://www.swe-shipbroker.se)). Den som behöver transporthjälp med småpartier vänder sig lämpligen till en speditör. Listan baseras på uppgifter från rederier och agenter.

Kontakta redaktionen på telefon 031-62 95 70 eller e-post [info@shipgaz.com](mailto:info@shipgaz.com)

Uppgifterna presenteras på följande sätt:

1. Europa-linjer. Under varje avresehamn finns destination, hamnar, rederi, agent och frekvens.
2. Transocean direktlinjer grupperade efter destination. Under varje geografiskt område finns avgångshamnar och under dessa hamnar, rederi, agent och frekvens.
3. Transocean trafik med omlastning grupperad efter destination. Efter varje land finns rederi och agent.
